## CHAPTER \_\_\_\_

An act to amend Sections 3500, 3502, and 3503 of the Business and Professions Code, relating to medicine.

## LEGISLATIVE COUNSEL'S DIGEST

AB 753, Morrow. Physicians and surgeons and podiatrists: podiatrist assistants.

Existing law, the Medical Practice Act, provides for the licensure of podiatrists and of physicians and surgeons and defines their scopes of practice. Existing law authorizes a physician assistant to perform certain prescribed services under the supervision of a licensed physician and surgeon provided that the physician assistant is licensed by the Physician Assistant Examining Committee and the physician and surgeon is approved to supervise the physician assistant by the Medical Board of California or the Osteopathic Medical Board of California. Existing law provides that violation of that provision is a misdemeanor.

This bill would authorize a physician assistant performing medical services under the supervision of a physician and surgeon to assist a podiatrist who is a partner, shareholder, or employee in the same medical group as the supervising physician and surgeon. The bill would require a physician assistant to assist a doctor of podiatric medicine according to patient-specific orders from the supervising physician and surgeon, and would require the supervising physician and surgeon to be physically available to the physician assistant for consultation when assistance is provided.

The bill would also provide that a physician assistant assisting a podiatrist shall be limited to performing those duties included within the scope of practice of a podiatrist. By changing the definition of a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain

costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

SECTION 1. Section 3500 of the Business and Professions Code is amended to read:

3500. In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this chapter a framework for development of a new category of health manpower—the physician assistant.

The purpose of this chapter is to encourage the more effective utilization of the skills of physicians, and physicians and podiatrists practicing in the same medical group practice, by enabling them to delegate health care tasks to qualified physician assistants where this delegation is consistent with the patient's health and welfare and with the laws and regulations relating to physician assistants.

This chapter is established to encourage the utilization of physician assistants by physicians, and by physicians and podiatrists practicing in the same medical group, and to provide that existing legal constraints should not be an unnecessary hindrance to the more effective provision of health care services. It is also the purpose of this chapter to allow for innovative development of programs for the education, training, and utilization of physician assistants.

SEC. 2. Section 3502 of the Business and Professions Code is amended to read:

3502. (a) Notwithstanding any other provision of law, a physician assistant may perform those medical services as set forth by the regulations of the board when the services are rendered under the supervision of a licensed physician and surgeon or of physicians and surgeons approved by the board, except as provided in Section 3502.5.

(b) Notwithstanding any other provision of law, a physician assistant performing medical services under the supervision of a physician and surgeon may assist a doctor of podiatric medicine who is a partner, shareholder, or employee in the same medical group as the supervising physician. A physician assistant who assists a doctor of podiatric medicine pursuant to this subdivision shall do so only according to patient-specific orders from the supervising physician and surgeon.

The supervising physician and surgeon shall be physically available to the physician assistant for consultation when such assistance is rendered. A physician assistant assisting a doctor of podiatric medicine shall be limited to performing those duties included within the scope of practice of a doctor of podiatric medicine.

(c) No medical services may be performed under this chapter in any of the following areas:

(1) The determination of the refractive states of the human eye, or the fitting or adaptation of lenses or frames for the aid thereof.

(2) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, or orthoptics.

(3) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to, the human eye.

(4) The practice of dentistry or dental hygiene or the work of a dental auxiliary as defined in Chapter 4 (commencing with Section 1600).

(d) This section shall not be construed in a manner that shall preclude the performance of routine visual screening as defined in Section 3501.

SEC. 3. Section 3503 of the Business and Professions Code is amended to read:

3503. No person other than one who has been licensed to practice as a physician assistant or authorized to practice on interim approval under Section 3517 shall practice as a physician assistant or in a similar capacity to a physician and surgeon or podiatrist or hold himself or herself out as a “physician assistant,” or shall use any other

term indicating or implying that he or she is a physician assistant.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Approved \_\_\_\_\_, 1996
